LIQUID ELEMENTS represents not only innovation and quality but also a deep passion and enthusiasm for car care. Founded in Germany two decades ago with a vision to revolutionize the car care industry, the brand has consistently pushed the boundaries of performance and value. Each product is the result of extensive research and ongoing development, crafted to deliver exceptional performance and premium features—all at a fair and accessible price.

SHINE PERFECTED

Founded in the USA in the 1980s, **PG Perma Glass** has established itself as a trusted name in high-quality car care solutions. With a legacy built on innovation and a strong focus on customer satisfaction, the brand has grown into a globally recognized leader in the automotive care industry. Today, PG Perma Glass continues to develop advanced, performance-driven products that cater to the ever-evolving needs of car enthusiasts and detailing professionals around the world.

CAR CARE - CLEANING AND MAINTENANCE

LEVIGATO HIGH FOAM SHAMPOO

- Suitable for all vehicles: Ideal for cars, bikes, and commercial vehicles
- Highly concentrated formula: Provides effective cleaning with minimal usage
- Paint-safe formulation: Designed to clean while preserving original factory condition
- Rinses cleanly: Easily removes dirt, bird droppings, water spots, insects, and more
- Enhances appearance: Leaves a smooth, silky finish with brilliant shine
- Restores water beading: Improves gloss and water-repellent effect after every wash

***Available in 5L pack**

LEVIGATO ENGINE & WHEEL CLEANER

- Levigato Engine & Wheel Cleaner is a powerful 12pH alkaline-based cleaner and degreaser
- Effectively dissolves oil, grease, and heavy dirt buildup
- Ideal for cleaning wheels, engines, and other plastic and rubber components
- Rapid-action formula for quick and efficient cleaning
- Suitable for both professional and personal car care use.

***Available in 5L pack**

LEVIGATO INTERIOR CLEANER WITH FOAM

- Levigato Interior Cleaner restores a natural look to your car's interior
- Formulated to clean seats, plastics, carpets, and vinyl surfaces
- Concentrated formula ensures high efficiency and long-lasting use
- Effectively removes stains, dirt, and grime from interior surfaces
- Contains a mild fragrance that leaves interiors smelling fresh
- Anti-bacterial properties help maintain a hygienic cabin environment.

***Available in 5L pack**

CAR CARE - CLEANING AND MAINTENANCE

LEVIGATO INTERIOR DRESSER

- Levigato Interior Dresser is the ultimate product for interior detailing
- Made with a blend of natural wax and polymers for effective performance
- Fast and easy to apply on various interior surfaces
- Creates a smooth “silk” effect on plastic parts and leather
- Does not smear or whiten plastic surfaces
- Provides a super matte finish on all textured plastic parts

***Available in 5L pack**

LEVIGATO EXTERIOR DRESSER

- Suitable for tyres, trims, and engine rubber and plastic components
- Formulated with a blend of natural wax and polymers for superior performance
- Fast and easy to apply on various exterior surfaces
- Creates a rich, smooth silk effect for a refined finish
- Does not smear or whiten exterior plastic parts
- Nourishes and protects rubber parts, enhancing durability and appearance

***Available in 5L pack**

TAR & GLUE REMOVER

- Levigato Tar & Glue Remover rapidly eliminates road tar splatter
- Effectively removes labels, sealants, adhesives, and wax residues
- Fast-acting formula for quick and efficient cleaning
- Safe for use on various exterior surfaces without causing damage.

***Available in 500 ml pack**

CAR CARE - CLEANING AND MAINTENANCE

PG ANTI-MIST GLASS CLEANER

- Clears mist and fog for safer driving.
- Leaves glass and mirrors sparkling clean.
- Non-smear formulation.
- Suitable for automotive and household.

***Available in 500 ml pack**

- Crystal polymer coating for a hydrophobic effect on glass.
- Improves visibility in rainy weather.
- Suitable windshields, side windows, wing mirrors, headlights & taillights.
- Helps repel water, oil, and dirt for easier cleaning.

***Available in 100 ml pack**

PG HEADLAMP RESTORER KIT

- Make headlights clean and clear again.
- Removes faded hazy look.
- Seals and protects against future sun damage.
- No sanding required (but is optional).

***Available in 100 ml pack**

CAR CARE - CLEANING AND MAINTENANCE

PG PREMIUM TYRE SHINE

- Easy application for tires, rubber, vinyl and plastic.
- Durable UV protection against discoloration, fading & cracking.
- Dries to the touch with a non-slippery feel.
- Helps prevent attracting dirt and dust.

***Available in 400 ml pack**

PG PRO INTERIOR CLEANER SPRAY

- Removes stains, oils and dirt.
- Fresh fragrance smell.
- Cleans & Deodorise.
- Removes ingrained dirt & stain.
- Suitable for seats, door trims, dashboard, headliner and carpets.

***Available in 500 ml pack**

PG PRO DASHBOARD PROTECTANT

- Quick and easy application.
- Repel dust, lint, and staining.
- Fresh fragrance smell.
- UV protection to prevent drying, aging and cracking.
- Rinse free.

***Available in 500 ml pack**

MACHINES | ECCENTRIC

This series is sure to have the right model for every user and application

T2000

The high-quality polishing machine that is ideal for professionals and enthusiasts. The robust and smooth-running electronics ensure constant torques and speeds in every polishing project

- Eccentric polishing machine
- 8 mm Orbit
- Backing pad: 75 mm
- Power: 710 W

T3200

The machine is characterized by its variable speed range, which enables different polishing jobs. The lightweight design and cable length make it particularly handy and flexible to use.

- Eccentric polishing machine.
- 10 mm orbit
- Backing pad: 125 mm.
- Power: 750 W

T4200

The successor to the MK1 has the same technical highlights on board, but provides even more flexibility in handling thanks to the detachable cable.

- Eccentric polishing machine
- Cable detachable
- 15 mm orbit
- Backing pad: 125 mm
- Power: 950 W

ELECTRIC POLISHERS

T5200

The successor to the MK1 has the same technical highlights on board, but provides even more flexibility in handling thanks to the detachable cable.

- Eccentric polishing machine
- Cable detachable
- 21 mm orbit
- Backing pad: 150 mm
- Power: 950 W

MACHINES | ROTATION

TERMINATOR V2

With its impressive 230 V voltage and 1,200 W rated input power, it delivers outstanding performance. The adjustable speed range of 1,000 to 3,000 RPM allows for precise and efficient polishing.

- Rotary polishing machine
- Power: 1,200 W
- Backing pad 125 mm

COMPOUNDS, POLISH & SEALANTS

LIQUID ELEMENTS PROFESSIONAL 1.1

MACHINE POLISH HEAVY CUT COMPOUND

- Impressive abrasiveness
- Effectively removes scratches and paint defects
- Available in 1L pack

- Suitable on all color paintwork.
- Available in 250 gm pack

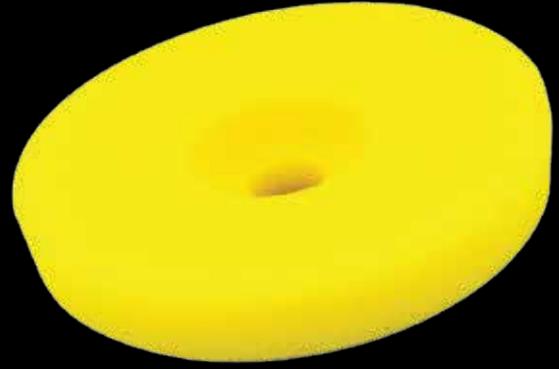

DUAL ACTION FOAM POLISHING PAD

CENTRIFORCE V2 - POLISH PAD BLUE- SUPER HEAVY CUT

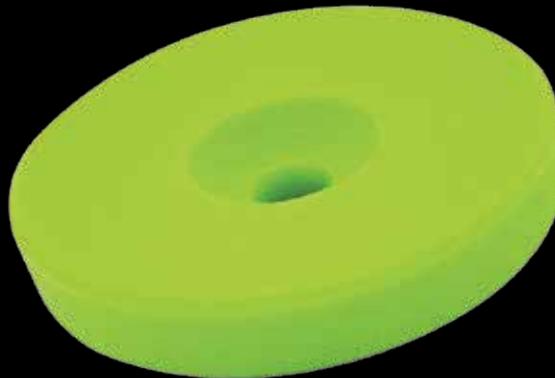

Available in 75mm, 125mm, 150mm

CENTRIFORCE V2 - POLISH PAD YELLOW - MEDIUM CUT

Available in 75mm, 125mm, 150mm

CENTRIFORCE V2 -POLISH PAD GREEN— SOFT CUT

Available in 75mm, 125mm, 150mm

CENTRIFORCE V2

The conical hole in the center of the polishing pads enhances cooling during use and creates a centrifugal force that directs the polish back onto the pad. These polishing pads are ideal for a range of tasks, from highly abrasive work to final finishing.

These polishing pads are ideal for everything from highly abrasive work to finishing.

DUAL ACTION POLISHING PAD

MICROFIBER HYBRID PAD

Available in 135mm, 160mm

The short bristles are designed to give a strong corrective effect and channel the working energy of the Polisher tool to offer extreme cutting power and a perfect finish.

- For aggressive correction with good completion results
- For working with orbital (Dual Action) machines
- Has Velcro fastening

ROTARY WOOL POLISHING PAD

PREMIUM SINGLE SIDED ROTARY WOOL PAD SIZE 7.5"

- Wool Pads are designed for use with polishers for professional-grade results
- Made with 100% natural wool fibers for superior performance
- Ideal for producing a high gloss finish on painted surfaces
- Can be used with rubbing compounds for refinished paintwork
- Effective in refining micro-fine scratches and removing swirls
- Suitable for scratch removal and restoring paint clarity

BACKING PAD FOR DUAL ACTION POLISHER

BACKING PLATE 125MM - FOR LIQUID ELEMENTS T4000 V2 & T5000 V2

BACKING PLATE 75MM - FOR LIQUID ELEMENTS T3000 V2/V3 & T2000 V3/V4

BACKING PLATE 150MM

Our various backing pads for the Terminator are a practical extension, allowing the machine to handle a range of applications and efficiently polish smaller areas of the vehicle.

ACCESSORIES
